

MN CYBER RANGE

Train. Test. Detect. Protect.

mncyber.org

You and your selected guests are formally invited to the MN CYBER RANGE Ribbon Cutting.

May 16 • 6 p.m.

**Metropolitan State University
Jason R. Carter Science Education Center, Atrium
700 East Seventh Street, Saint Paul, MN 55106**

Take the next step in CYBERSECURITY.

MN CYBER RANGE at Metropolitan State is an on-campus, cutting edge simulation and world class training platform that dramatically improves your company's cybersecurity team's performance through hands-on training.

**MN CYBER
RANGE**

Train. Test. Detect. Protect.

Ribbon cutting festivities include:

- A welcome by Virginia (Ginny) Arthur, President, Metropolitan State University
- Answers to the questions:
 1. What exactly is a Cyber Range?
 2. Why would my company want to use it?
 3. How does the MN Cyber public/private partnership prepare Minnesota's future IT workforce?
- The ribbon cutting with Range classroom tour
- CYBER RANGE demonstrations
